

Contract Manufacturing with Tessy Automation

Contract Manufacturing with Tessy Automation

Outsourcing the manufacturing, assembly, and validation of your electro-mechanical products to a contract manufacturing partner can be frightening. Trusting a contract equipment supplier with your end-customer requires the utmost confidence. When your reputation is on the line, you can rely on the experts at Tessy Automation to deliver.

When you are looking for a complete build from the beginning stages of ideation, or if you have an existing design, we cover all of your needs in our single location. Tessy Automation provides turnkey, discrete, contract manufacturing for your business needs, whether you need a sub-assembly or complete system build direct shipped to your client.

Contact us today.
